WELCOME TO THE BIBLE TIMELINE EXHIBIT

=====

How did the ancient scriptures survive thousands of years of empires, wars,
and political shifts to arrive intact on our modern book shelves?

This presentation documents the incredible timeline of text transmission.
As you walk through these panels, you will witness the journey of scripture:
from the rigorous ink strokes of the desert scribes, through the dirt and
discoveries of archeologists, to the dangerous, underground printing operations
of early English reformers who laid down their lives to put the words of truth
directly into our common tongue.

"For everything that was written in the past was written to teach us,
so that through the endurance taught in the Scriptures and the encouragement
they provide we might have hope." — Romans 15:4

👉 PLEASE FOLLOW THE SIGNED STATIONS FROM LEFT TO RIGHT AROUND THE ROOM.
